

Reduce the risk in six steps

# Farm Machinery

# Farm Machinery

1. If stored outside, keep vehicles in a well-lit location overnight, keep them locked at ALL times when not in use
2. Keep the keys with you or in a locked key safe
3. Consider using hitch locks and wheel clamps
4. Consider a tracking device or data tracking chip for high value items
5. Register valuable plant. Five items can be registered free with the national plant and equipment register [www.ter-europe.org](http://www.ter-europe.org)
6. All property, including vehicles should be photographed and recorded in an asset register. Love it, log it! [www.immobilise.com](http://www.immobilise.com)

## Deter thieves - make sure your property is clearly marked

CREMARK and similar property marking systems are available to buy from Nottinghamshire Police's Pre Crime Unit.
